In the hospitality and gaming industry, opportunities abound — but so do risks. Marsh’s dedicated global team of specialists backed by powerful data and analytics can help you safeguard against unforeseen events.

For casinos, hotels and resorts worldwide, the market is as crowded and competitive as ever with companies focused on vying for the attention of new customers and retaining their current customers. Staying abreast of the complex regulatory environment governing the hospitality and gaming industry is critical in today’s marketplace. Staff attraction and retention are a priority and a challenge, while ensuring employee and guest safety are paramount. Cyber-attacks pose a threat to confidential customer data, and negative social media commentary can materially influence an organization’s reputation and brand. Building brand awareness and creating incremental brand value is an increasing priority for the hospitality and gaming industry.
